Research Data Management Librarian Academy:

An Opportunity to Develop Knowledge from Peers

Jean P. Shipman
VP, Global Library Relations
IFLA, August 29, 2019

RDM Librarian Academy Description

- Will be available online

- English-language

- No charge (without credit)

- Simmons University offering CE credit for a fee; certification

- 8 units; 45-90 minutes each

- Curriculum developed by librarian peers with expertise in RDM

- Easy way to refine and hone RDM skills and knowledge

RDM Librarian Academy Units

Eight Online Units

1. Foundations of Research Data Management (RDM)
2. Navigating research data culture
3. Advocating and marketing the value of RDM in libraries
4. Establishing and managing data services in libraries
5. Project management (as relates to RDM services)
6. Overview of common tools (programming and tools, R)
7. Python, Jupyter Notebook
8. Overview of platform tools (OSF, Mendeley Data et. al.)

An RDMLA Unit

Consists of:

- Learning Objectives
- Videos
- Slides
- Live demos
- Exercises
- Quizzes

Research Data Management Librarian Academy Survey

Results compiled 2018-09-08 by
Alyson Gamble, Data Fellow
a.gamble@elsevier.com
gamblea@simmons.edu

https://rdmla.github.io/

Is there a need for such an Academy?

Why Librarians? …Why Not?

Librarians:
- Have transferable organizing skills and interests
- Partner with researchers
- Often monitor compliance and impact
- Changing traditional roles
- Are trainers of RDM FAIR principles

How Do I Find Out More?

- *Library Connect* articles
